

[The Knowledge Alliance in Air Transport \(KAAT\)](#)

KAAT is an Erasmus+ project with two aims, first to develop new, innovative and multidisciplinary approaches to teaching and learning and second to facilitate the exchange, flow and co-creation of knowledge.

The KAAT project is coordinated by the Politehnica University of Bucharest.

Launched in 2018, the KAAT project spans over a period of 3 years.

Read more on the [project website](#).

The KAAT project was launched in Bucharest

The launching conference of the KAAT project was held on January 26th, in presence of 28 partners from 10 countries. The distinguished guests were the Rector of Politehnica University of Bucharest Mihnea Costoiu, the State Secretary Dragos Virgil Titea and Director of The National Commission for Vocational Certification (CNCP) – Brigitte-Veronique Bouquet.

The KAAT Project will close in December 2020.
